

BREAKOUT 3 - CBRNE

National Priority 6: Strengthen CBRNE Detection, Response, and Decontamination

Questions for Breakout 3 to answer:

For the capability of strengthen CBRNE detection, response, and decontamination ...

1. Since 2002 what do you feel has been accomplished that strengthens your regions ability to detect, respond to and decontaminate a CBRNE event?
2. What are examples of the results of these accomplishments across CBRNE in your region? In your locality?
3. What objective(s) should be established to further strengthen regional CBRNE capabilities?

<i>Objectives must be <u>SMART</u></i> <i><u>S</u> = Specific <u>M</u> = Measurable <u>A</u> = Attainable <u>R</u> = Relevant <u>T</u> = Time Bound (2010)</i>	<i>Example:</i> <i>Using a list of all equipment resources, trained staff and mutual aid agreements within a region, complete a gap analysis and prioritize the regional needs.</i> <i>2010</i>
---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

4. What steps need to be taken to accomplish each objective?

Example:
Establish a regional working group to include representation from each locality whose primary goal is to identify all equipment resources and existing Mutual Aid Agreements.
